Service

Survey Active From Date

Incident Surveys now have an active from Date. This means they will only be linked to Incidents where their Reporting Date is greater than or equal to the Active from Date

Parent Incident

Parent Incident is now displayed on the SR list interface if the user has opted to display it

PO and Site Reference

The Purchase Order and Site Reference are now recorded as an audit in the Saving Response on the Incident

Financials

Inventory

Warehouse Van Stock Take

Warehouse Van Stock Take functionality

Stock Acceptance

Engineers can now indicate that they accept the stock given to them as an approval before it goes into their van.
